

**RED ELEMENTAL PVT. LTD.**

**Engineered for Safety. Built for Reliability**

## **Complete Fire Safety & Fabrication Solutions**

# **WHAT WE DO**

**We Manufacture & Supply**

### **Structural Fabrication**

Robust And Reliable Structural Solutions For Industrial Applications

### **Sheet Metal Fabrication**

Precision-Engineered Components With High Durability

### **Custom-Built Engineering Solutions**

Tailored Designs As Per Specific Project Requirements

### **Welding & Assembly Services**

High-Quality Joining And Assembly With Expert Workmanship

### **Industrial Component Manufacturing**

Durable And Performance-Oriented Industrial Parts

## **About Us**

Red Elemental Pvt. Ltd. Delivers Precision-Engineered Fire Safety And Fabrication Solutions Built For Durability, Performance, And Reliability In Demanding Environments

### **Why Choose Us**

**ENGINEERING EXPERTISE**

**CUSTOM SOLUTIONS**

**HIGH QUALITY STANDARDS**

**ON TIME DELIVERY**

RED ELEMENTAL

# FIRE HOSE CABINET

Designed For Emergency Readiness, This Fire Hose Cabinet Ensures Quick Access And Reliable Performance In Critical Situations. Built With High-Grade Materials For Long-Term Durability.

### Technical Details

Gauge: 16 / 18 / 20 Thickness: 1.5mm / 1.2mm / 1mm  
Weight: 22kg / 15kg / 13kg Glass: 4mm Plain Powder  
Coating: 60 micron

### Key Features:

- Heavy-Duty MS Construction
- Corrosion-Resistant Powder Coating
- Transparent Inspection Window
- Quick-Access Design

### Specifications:

- Size: 750 x 600 x 250 mm
- Thickness: 1 – 1.5 mm
- Glass: 4 mm

## SUGGESTION BOX

A Durable And Practical Solution For Collecting Feedback In Workplaces, Ensuring Safety, Privacy, And Structured Communication

### Technical Details

Gauge: 16 / 18 / 20  
Thickness: 1.5mm / 1.2mm / 1mm  
Weight: 3kg / 2.5kg / 2kg

### Key Features:

- Impact-Resistant Construction
- Wall-Mount Installation
- Enclosed Secure Design
- High Visibility

### Specifications:

- Size: 355 x 150 x 200 mm

## PPE CUPBOARD

Designed To Store Safety Equipment Efficiently, This Cupboard Ensures Easy Access And Proper Organization In Industrial Environments.

### Technical Details

Gauge: 16 / 18 / 20  
Thickness: 1.5mm / 1.2mm / 1mm  
Glass: 4mm Plain

### Key Features:

- Multi-Compartment Storage
- Strong Metal Construction
- Transparent Viewing Panels
- Ideal For Heavy-Duty Use

### Specifications:

- Size: 1500 x 600 x 1100 mm
- Glass: 4 mm

## FIRE BUCKET & EXTINGUISHER STAND

A Robust And Reliable Stand Designed For Quick Emergency Access To Fire Safety Equipment In Industrial And Commercial Areas.

### Technical Details

(Customizable as per requirement)

### Key Features:

- Heavy-Duty MS Fabrication
- Integrated Design
- High Visibility Coating
- Stable Structure

## PPE BOX

Ensures PPE Equipment Is Securely Stored While Remaining Easily Accessible During Operations Or Emergencies.

### Technical Details

Gauge: 16 / 18 / 20  
Thickness: 1.5mm / 1.2mm / 1mm  
Weight: 14kg / 11kg / 9kg  
Glass: 4mm Plain

### Key Features:

- Bright High-Visibility Design
- Transparent Inspection Window
- Lockable System
- Wall-Mount Design

### Specifications:

- Size: 600 x 600 x 250 mm
- Glass: 4 mm

Protecting Lives. Securing Infrastructure

RED ELEMENTAL

## SHAFT DOORS

Engineered For Durability And Safety, These Shaft Doors Provide Secure And Easy Access To Fire System Components.

### Key Features:

- Strong Metal Construction
- Powder-Coated Finish
- Transparent Panels
- Smooth Double-Door Mechanism

### Specifications:

- Size: 900 x 1200 mm
- Glass: 4 mm

### Technical Details

Gauge: 16 / 18 / 20  
 Thickness: 1.5mm / 1.2mm / 1mm  
 Glass: 4mm Plain

## FLOOR STAND

A Portable And Durable Stand Designed For Easy Placement Of Fire Extinguishers Without The Need For Wall Installation.

### Key Features:

- Stable Structure
- No Drilling Required
- Easy Relocation
- Rust-Resistant Finish

### Technical Details

ABC Stand: 4kg / 6kg / 9kg  
 CO2 Stand: 2kg / 4.5kg

## Fire Hose Cabinet (FHC)

Designed For Efficient Fire Protection, This Fire Hose Cabinet (FHC) Provides A Complete System For Quick Response And Reliable Performance In Emergency Situations.

### Key Features:

- Heavy-Duty MS Body Construction
- Integrated Fire Hose Reel System
- Transparent Glass For Easy Inspection
- Smooth Swing Door With Strong Hinges
- Optimized Internal Layout

### Specifications:

- Size: 1800 x 750 x 330 mm

### Technical Details

Gauge: 16 / 18 / 20  
 Thickness: 1.5mm / 1.2mm / 1mm  
 Glass: 4mm Plain

## FIRE EXTINGUISHER CABINET

Compact And Durable Cabinet For Fire Extinguisher Storage.

### Key Features:

- Strong MS Construction
- Smooth Door
- Corrosion-Resistant
- Wall Mounted

### Specifications:

- Size: 800 x 350 x 300 mm

### Technical Details

Gauge: 16 / 18 / 20  
 Thickness: 1.5mm / 1.2mm / 1mm  
 Weight: 15kg / 13kg / 11kg  
 Glass: 4mm Plain

## FIRE & PPE STORAGE CABINET

Dual-Purpose Cabinet For Fire Safety And Ppe Storage.

### Key Features:

- Dual Compartments
- Lockable Doors
- Transparent Panels
- Large Storage

### Specifications:

- Size: 1500 x 915 x 400 mm

### Technical Details

Gauge: 16 / 18 / 20  
 Thickness: 1.5mm / 1.2mm / 1mm

## BARRICADE

High-Visibility Barricade For Road And Industrial Safety.

### Key Features:

- Strong MS Frame
- Bright Coating
- Easy Movement
- Weather Resistant

### Specifications:

- Size: 6 ft x 4 ft

### Technical Details

Weight: 22kg
